

H 3

The Sibbings are separately looking for an appropriate fixture for the dining room. all structural work done by Sibbing has been in helping with original materials and methods used at the time of the original building and renovation. Mrs. Sibbing is a native of Taiwan; on a recent trip to her homeland she had shipped members of items of furniture and accessories which bring a most unusual mixed decorative look to the interior.

Changes made in the house since they found it include a modern kitchen, conversion of servants' rooms into a large bath and utility room, and a half bath in a small room which had once served as Dr. Johnson's office.

From history on house tour Oct. 25, 1980
