The Lemon Touch

Lonny and Susan Lemon put their energy into revitalizing three houses

By Ruth Hultz

Herald-Whig Staff Writer

Lonny Lemon thinks he just falls into houses that need his energy and skills. Lemon, the assistant principal at Quincy Notre Dame High School, is in the process of renovating his third home, a brick American four-square house at 417 S. 14th.

He doesn't especially like doing the work of restoring old houses but he does like the finished products.

When Lemon sees a house, he says, "I know what can happen."

Lemon was the Bankers Trust Company/Quincy Herald-Whig Lookin' Good Property Pride Contest winner for his work on a house at 415 S. 10th in 1997. He also earned an award from the German Village Society for his work on a house at 923 S. 12th in 1994.
