

Our Baptismal Font

This was cut down to make it easier to move around.

The Baptismal Font was made from pieces of the Communion rail. Constructed by some of our talented men of the parish.

As you come through the doors you are entering our Church.

RESTROOMS

Women's is at the south entrance across from another beautiful banner.

Men's is at the north front entrance.

This was made by Mr. Lester Zwick, another one of St. Francis's talented men. We are so blessed to have people like them in our parish.

The Cross above the Tabernacle sets on a turn table and has three different settings. One in blue, one in white and one in gold.
