current owners: Rod & Jenny Clark

This is a 1½-story brick house on a stone foundation and is covered by a cross-gable at roof.

There is a one-story entry porch on the southeast corner of the house. The square, wood columns that support the porch are defined by bands at the top and base.

The double-hung window openings are supported by segmental arches and stone lintels. The door openings are also supported by segmental arches and have toplights above the door.
